### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: Although the closest prior art as cited teaches incorporation of silane compounds for different purposes into grout compositions, the prior art is silent as to the use of a silanated polymer where the silane moieties are chemically bound into the polymer in amounts in a grout composition to impart claimed water resistance. Applicants' claims are, therefore, both novel and unobvious over the closest prior art as cited.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
